RALPHY BOY

Ok, where are all the American Bulldog lovers out there? Those who appreciate the breed that is known for its devotion, love of family and its intelligence. Snaggle tooth Ralphie is a dog that will play fetch for hours, go for long walks and stretch out for belly rubs when it's all done. He needs a home where he can get exercise and attention, and he needs an owner who understands his great qualities and all the love he has to offer!

Do you have some spare time to help out? We always need help at fundraising events, office work, yard work, maintenance and of course with the dogs. The list is endless the rewards are great, call 326-PAWS to find out how you can help!
